

REMARKS

Applicants appreciate the Examiner's thorough examination of the present application as evidenced by the final Office Action of October 22, 2003 (hereinafter "Office Action").

Applicants especially appreciate the allowance of Claims 1, 3, 4, and 7 - 10, and the indication that dependent Claim 16 recites patentable subject matter. In response, to advance prosecution and to facilitate an early allowance of the present application, Applicants have amended independent Claim 11 to incorporate the recitations of Claims 12, 15, and 16. Accordingly, Claims 12, 15, and 16 have been canceled without prejudice or disclaimer and dependent Claim 13 has been amended to correct its dependency. Independent method Claim 29 has also been canceled without prejudice or disclaimer. As a result, the title has been amended to be consistent with the claimed subject matter.

CONCLUSION

In light of the above amendments and remarks, Applicants respectfully submit that the above-entitled application is now in condition for allowance. Favorable reconsideration of this application, as amended, is respectfully requested. If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned attorney at (919) 854-1400.

It is not believed that an extension of time and/or additional fee(s)-including fees for net addition of claims-are required, beyond those that may otherwise be provided for in documents accompanying this paper.
